Multi-line Set Feature Instructions

Conference
To add another party to a call-
1. Press [cont]
2. Dial the next phone number and wait for an answer **
3. Press [join] or [conference] to add the dialed number to the conference
4. Repeat steps 1 through 3 until all dialed numbers are connected to the conference

**Note:** If no answer or busy, press the call appearance button to return to holding party.

Note: Using a multi-line phone, a total of three parties can be conferenced; you and two other calls. The switchboard operator (dial 0) can conference up to six parties. Conference calls exceeding these limitations will require the assistance of an outside vendor to connect all callers. Outside vendor information can be obtained through the switchboard vendor to connect all callers. Outside vendor limitations will require the assistance of an outside vendor to connect all callers.

   -or-
1. Press [redial] button

**Frequently asked questions**
Q. Why are all of my calls going directly to voicemail? The phone hasn’t been ringing.
A. Your phone is probably set on “Send All Calls.”
   Try this – Get dial tone, then press # 3.
Q. Why does my phone ring a short ring, then no one is on the line?
A. Your phone is probably set on “Call Forwarding.”
   Try this – Get dial tone, then press # 2.
Q. Why do I keep hearing a beeping tone when I answer my phone?
A. Someone may think they are dialing a fax number.
   Try this – Transfer the call to a fax machine. The printed fax may list a phone number of the misguided party.
Q. Why can’t I just use the last 4 digits of my phone number?
A. All campus numbers, 836, 837, 547 (Mt Grove), and 255 (West Plains), are dialed using only the last 5 digits of the phone number. The first number of the extension will vary from phone to phone. For this reason, you should include all 5 digits when giving someone your extension number.
Q. Who do I call if my phone isn’t working properly?
A. Dial “0” to place a trouble report with the campus operator.
Q. Are West Plains and Mt Grove local calls?
A. All off-campus phone numbers using the same prefix in Springfield, West Plains, and Mt Grove are treated as a local call. Simply dial 9+ the seven-digit number to complete the call.
Q. Where can I find more instruction information about the university’s data and voice network?
A. https://ntg.missouristate.edu/Documentation/guidestraining.aspx
